FIREWARDS' REPORT

The clerks of the two fire companies report the following fires for the past year.

The Village department:

1 brush fire at Klemperers'.
4 chimney fires.

The Depot department:

1 brush fire at Klemperers'.
18 chimney fires.

The brush fire at Klemperers' was a small one with slight damage.

The town purchased 500 feet of 2½" hose and 650 feet of 1½" hose last year.

We have now, between the two companies, 2,450 feet of 2½" hose and 2,650 feet of 1½" hose.

We recommend four malleable iron hose leak stops, two for each company at a cost of about $6.00 each.

We report that equipment of both companies in good condition.

Respectfully submitted,
CLARENCE M. DAMON,
OSCAR G. YON,
GALEN E. FISHER,
Firewards.

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Concord, New Hampshire

February 13, 1943.

Board of Selectmen,
Fitzwilliam, New Hampshire.
Gentlemen;

Submitted herewith is the report of an audit and examination of the accounts of the Town of Fitzwilliam which has been made by this Division in accordance with a vote taken at the last annual town meeting. Schedules as hereafter listed are included as part of this report.

SCOPE OF AUDIT

Included in the audit were the accounts of the selectmen, treasurer, tax collector, town clerk, road agent, trustees of trust funds, Depot Park commission, the treasurer of the Elliot Institute and the library treasurer for the fiscal year ended January 31, 1943.

Selectmen and Treasurer:

The treasurer's cancelled checks for the period from February 27, 1942 to January 31, 1943 were compared with the selectmen's vouchers and entries in the treasurer's cash book and found to be in agreement therewith. Receipts were checked by source insofar as it was possible to do so. Totals of receipts and payments were verified and the cash book balance as of January 31, 1943 agreed with the reconciled bank balance of like date. Invoices and payrolls supporting expenditures were examined and the classification of payments was in accordance with the uniform system of accounts prescribed by this Division.

The accounts of the former treasurer for the period from February 1, to February 26, 1942 had previously been audited and a report made thereof. A summary of the treasurer's financial activity for this period, however, is included in Schedule F.

Tax Collector:

The accounts of the tax collector for the levies of 1941 and 1942 and the tax sale accounts were audited and balanced. These records were complete and in good order. However, it is suggested they be supplemented by the use of the new form of cash book recommended by this Division. In reporting to the treasurer, the collector should differentiate between the amounts remitted on account of property, poll taxes and interest collected. It is also recommended that the collector use the standard form provided for the remittance of redemptions which denotes the name of the taxpayer redeeming and the year of the levy. Bank stock taxes should be included in the warrant committed to the collector.

Town Clerk:

Motor vehicle permits and dog licenses issued by the town clerk during the period of audit were examined and funds received therefor, less fees for the issuance of dog licenses, were properly accounted for.

Road Agent:

Payments made by the treasurer to the road agent upon the selectmen's orders were determined to have been properly disbursed by checks issued by the road agent on account of payroll items, materials and supplies, supported by weekly time sheets. It is recommended, however, that bills for the purchase of materials and supplies by the road agent be first approved by him and then turned over to the selectmen in order that payment of such accounts be by regular town order. The road agent's payrolls would then include only payments on account of labor.

Trustees of Trust Funds:

The records of the trustees of trust funds were examined and principal and income as indicated by the records was found to be on deposit in various savings banks as shown by pass books submitted to the banks after December 31, 1942 for the entry of annual interest and withdrawals therefrom. Disbursements of income were found to have been made to the proper recipients thereof.

In examining the trust fund records it was noted that the principal of several of the older funds had been set up at a greater

amount than the original bequest when the custody of such funds was transferred by statute from the board of selectmen to the trustees of trust funds. Inasmuch as the amount of principal thus established included unexpended income it was believed advisable to re-establish the principal at the original amount plus any additional principal which may have since been received. This was done as of January 31, 1942. The determination of the original principal was made from town reports of the years when the bequest was made and accepted by the town.

Elliot Institute:

Receipts and expenditures of the Elliot Institute were examined and found to be in order. The unexpended balance of income as shown by the report as of January 31, 1943 was in agreement with the reconciled bank balance of like date. Securities representing the principal of this trust were examined and properly accounted for.

Library Treasurer:

The accounts of the library treasurer were audited and the balance on hand as of January 31, 1943, was reconciled with the bank balance and cash in the treasurer's hands as of like date.

GENERAL COMMENTS

Included in the report are statistical tables which show the trend of the town's finances over a ten year period. These are presented in Schedules A and B. During this period the balance sheet has always shown a surplus at the close of the fiscal year, which indicates sound management by the officials responsible. Assessed valuation has dropped off slightly, while taxes assessed have varied between a minimum of $28,522.00 in 1942 and a maximum of $35,639.00 in 1935. Collection of taxes has been exceptionally commendable as indicated by the small amount which remained delinquent at the close of each of the fiscal years. The tax rate has been slightly above the average rate during this period.

Comparative statements of Appropriations and Expenditures and Actual and Estimated Revenues for the fiscal year ended January 31, 1943 are presented in Schedules C and D. A net unexpended balance of appropriations of $53.98 and an excess of ac-

tual over estimated revenues of $479.42 resulted in a Net Budget Surplus of $533.40 for the year.

In accordance with the provisions of Section 31, Chapter 211, of the Laws of 1939, this report or a summary of its essential features should be published in the next annual town report. This letter of transmittal should be included in its entirety, but the inclusion of schedules is optional with the board of selectmen.

We extend our thanks to the officials of town for the assistance rendered and information furnished while we were engaged in making this audit.

Very truly yours,
HAROLD G. FOWLER,
Director,
Division of Municipal Accounting,
State Tax Commission.

LAWTON B. CHANDLER,
HARRY G. HAGER,
Accountants.

CERTIFICATE OF AUDIT

This is to certify that we have audited the accounts and records of the Town of Fitzwilliam for the fiscal year ended January 31, 1943, and have found them correctly cast and properly vouched. The accompanying schedules reflect, in our opinion, a correct summary of the financial activity for the period under review.

Respectfully submitted,
HAROLD G. FOWLER,
Director,
Division of Municipal Accounting,
State Tax Commission.

In this the first year of our participation in the war our library is taking an even more important place in our lives.

This fact is shown in many ways and proved by the marked increase in book circulation. Due to the advanced price of books, and no larger library appropriation from the town last year it was impossible to buy as many books as usual. This combination of fewer new books and more readers has caused discontent which I trust you will overcome this year.

I attended the New Hampshire Library Association Conference in Concord, N. H. June 4th and 5th. Each librarian was instructed to prepare a record of all men from the town in the armed forces. This recognition record is being made and at the

end of the war will be printed and bound and kept in the library as a lasting tribute to our Fitzwilliam men.

Early in September I gave a tea for the teachers in town that we might discuss the ways in which they and the library could be of more mutual assistance. The results have been very gratifying.

Mr. Arthur Plante continues to grant us the use of his store as a branch station. For this privilege we say "Thank you".

The Victory Book Campaign is on again.

I can not be too urgent in asking each of you who has enjoyed reading many good books this year, to give a book for the less fortunate men in the armed services. So far but four books have been brought in to our library. Will you—yes I mean YOU, —please bring in a book today? Thank you.

M. B. SAUNDERS,

Librarian.

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

July 17, 1942

School Board,
Fitzwilliam School District,
Fitzwilliam, New Hampshire.

Members of the School Board:

In accordance with the request of the School District, as expressed by a vote taken at the annual meeting, an audit and examination of the accounts and records of the Fitzwilliam School District for the fiscal year ended June 30, 1942, has been made by this division. Exhibits as hereafter listed are included as part of this report:

A — Comparative Balance Sheets.

B — Summary of Receipts and Disbursements.

B-1— Summary of Activity in Treasurer's Account.

C — Comparative Statement of Appropriations and Expenditures.

D — Comparative Statement of Estimated and Actual Revenues.

E — Reconciliation of Decrease in Net Surplus.

F — Signed Contracts.

A classified summary of receipts and expenditures for the fiscal year under examination and audit is included in Exhibit B. The Treasurer's cancelled checks were compared with entries in the cash book and with vouchers issued by the School Board and found to be in agreement. Receipts were checked by their source insofar as it was possible to do so and traced to the depository bank. The Treasurer's cash book balance was in agreement with the reconciled bank balance and undeposited funds as of June 30, 1942.

Comparative statements of appropriations and expenditures and estimated and actual revenues are presented in Exhibits C and D. Exhibit C indicates a net overdraft of appropriations of $1,259.32, while Exhibit D shows an excess of estimated over actual revenue or revenue deficit of $245.31, resulting in a net budget deficit of $1,513.63. It is noted that the two large overdrafts occurred in the appropriations for teachers' salaries and minor repairs and expenses, the amounts of the overdrafts being $569. and $620.59, respectively. These two items and the transfer of $300. of the cash balance of June 30, 1941, to estimated revenue, accounted for the largest part of the budget deficit.

The reconciliation between the New Surplus of $1,008.11, at the beginning of the fiscal year and the Net Debt of $495.52, at the end of the year is made in Exhibit E.

Recommendations relative to accounting procedure and the importance of keeping records up to date were made during the course of audit.

Yours very truly,
HAROLD G. FOWLER.

Director,
Division of Municipal Accounting,
State Tax Commission.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Fitzwilliam:

I herein submit my ninth annual report as superintendent of schools.

From a discussion on education after the war, I wish to quote from a report made by the Conservative Party, viz. "Of all the State's activities, education is the basic activity, because it conditions the future character of the entire community". "In war time, the maintenance of these services at a level of high efficiency should have maximum priority."

To meet the ideals of above quotations, I offer a few of the several objectives towards which we are aiming: (1) to maintain the purity of the English language, (2) to give greater emphasis on fundamentals, especially in mathematics, (3) a total world interpretation of history, geography and economics, (4) a better understanding of the vital principles of our Constitution and the American Way of life. For the accomplishment of these goals we ask the cooperation of teachers, parents and citizens.

CALL FOR TEACHERS

Due to the call of war service, defense work and office work, many teachers have given up the teaching profession, as a result I have had to resort to commercial advertising in order to keep open some of the rural schools.

As conditions may be worse next year, I suggest that former teachers take advantage of the opportunity of attending the Summer School at Keene and thus place themselves in a position to qualify with the regulations of the State Board of Education. I believe this to be a patriotic gesture.

WAR ACTIVITIES

Teachers have cooperated heartily in the several rationings. They have done accurate and efficient work which the State and Federal authorities have highly appreciated. The pupils have gen-

erously contributed to the war efforts, viz. the U. S. Stamps and Bonds, collection of paper, scrap, keys etc.

REPORT OF THE SUPERVISOR OF MUSIC

The patriotic thought is being emphasized in the public school music program. In the Junior High selections pertaining to the Armed Forces and Victory have been sung, and songs are being arranged by grade children conveying the thought of the child's effort toward defense assistance.

The program for theory, rhythm, and appreciation is outlined and constant effort is made for development and improvement of tone, enunciation, phrasing, and interpretation.

An operetta, "Our Flag", was presented by the combined schools as a part of the Memorial Day program.

Fitzwilliam, Ninth Grade, was represented in the concert portion of the New England Music Festival held in Keene March 18 to 21, by one of its members who participated in the 210-voice chorus. Many other students attended the Saturday afternoon concert given by the All-New England Chorus, Orchestra and Band.

It is with gratitude for cooperation of teachers, Superintendent and School Board that I present this report.

Respectfully submitted,
MILDRED H. WHITCOMB.

HEALTH ACTIVITIES

For data on health activities, consult the report of Miss Marguerite E. Davis, R. N., school nurse.

At the time of writing, the schools are well organized, the instruction effective and a cooperative attitude exists between the pupils and teachers. We are fortunate in retaining the same corps of teachers as last year.

In conclusion, I wish to thank the school board, teachers and parents for their support and cooperation.

Respectfully submitted,
FREDERICK T. JOHNSON,
Superintendent of Schools.
